SPOKE AT EMPIRE

WILLIAM R. RATHVON OF DENVER, COL., LECTURED.

NEW LIFE—OLD TRUTH

An Interesting and Eloquent Exposition of the Doctrines of the Christian Science Church.

Mr. William R. Rathvon of Denver, Col., an official lecturer of the Christian Science church, delivered an interesting lecture at the Empire theater Friday night on the subject of "New Life from Old Truth," before a good audience.

Mr. Rathvon is a pleasant speaker to hear and his message was presented quietly, but eloquently. He was introduced by Mr. H. R. Hancock.

Mr. Rathvon spoke an hour and a half and was listened to very attentively. Here are a few of the things his lecture contained:

Man's comprehension of the problems of life is to be measured by his understanding of God. He holds to contrary and widely divergent beliefs about God, and hence his interpretations of life are conflicting and discordant. If he concedes to God, the primal cause of all being, illimitable power—omnipotence—and illimitable knowledge—omniscience—and in the next breath attributes to Him the afflictions and disasters of human experience, he is setting up a god of good and evil, of benevolence and cruelty, whom he may try to love but is bound to fear. • • •

It is often charged against Christian Scientists because they rely wholly upon mind that they do not "do anything" for the sick. When the average man considers the needs of a sick person, his thought at once turns to the medicine bottle, and he believes there is nothing being done for the sick man unless he is made to swallow something. According to his peremptory opinions the sick man should be treated with something that he can taste or smell or feel, something that the senses can perceive. Otherwise "nothing is being done for him." He may tell you that attempting to change the condition of a man's body through mind alone is foolishness. And yet—this same intelligent citizen will readily admit that a man's body commonly and frequently undergoes sudden and very marked changes due entirely to mental causes. He will admit that salt water will flow from his eyes if he is subjected to great grief. That sudden fear will produce cold perspiration. That anger will cause the face to flush or pale, the heart to thump, the voice to change.

Now grief, anger and the like are obviously mental, but because their effect on the body is of every-day occurrence, as commonplace as eating and drinking, the lesson they disclose is lost upon the man who hastens to censure Christian Science for achieving what he styles the impossible, yet which has been a part of him since the day when as a crying infant he on his mother's arm shed his first tears.

Jesus proved for all time and for all Christendom that the origin of disease was mental, and he healed it with mental medicine. He gave himself no concern about physical symptoms, but he destroyed what caused them. He cared little about what the sick man had been eating, but much about what he had been thinking. He said in so many words, "It is not that which goeth into a man which defileth him." When he healed the sick he gave no parting directions about diet and rest, but on at least one occasion said, "Sin no more lest a worse thing come unto thee," thus indicating the mental origin of the disease. The sick were healed by him through spiritual understanding, not by human will. Christian Science, similarly relying wholly upon divine principle, has no relationship with will power, mental science, hypnotism, mesmerism, auto-suggestion, thought transference, spiritualism or any of the other cults or schools which rely wholly or in part upon the influence of one human mind or human will upon another. These are essentially adverse to the teachings of Christian Science, wherein the human mind and the human will are made wholly subordinate and subservient to the divine mind, the will of God. Success in Christian Science is only attained as fallible human mentality is eliminated. This implies self-denial, and the affirmation of all good, and is a condition to which all must come sooner or later. "As I live, saith the Lord, every knee shall bow and every tongue shall confess to God."

Team Ran Away But Didn't Hurt Him.

One of the dray teams of Hi Murray, driven by Jesse Cochran, ran away Friday evening at the Burlington depot just after the 4:29 train left the station. Cochran was thrown from the wagon and knocked senseless for a little while. Dr. Nash was at once summoned but before he arrived Cochran was sitting up counting the cheese boxes that had been thrown from the wagon to see if any were missing. They were all there. Dr. Nash asked him if he was hurt, and the victim of the runaway said he wasn't, then the doctor went over and examined the wagon, as the wheels ran over Cochran when he was thrown from it, and there wasn't a thing wrong there. Finding nothing that required his attention, Dr. Nash came back uptown, enjoying the unexpected spin in the car, while Mr. Cochran thanked his lucky stars that he was not going to face a few weeks in bed and a doctor's bill. It was a lucky accident all 'round.

ALL IS NOW READY

MANY SHOWS AND ATTRACTIONS HERE FOR STREET FAIR.

WILL PRESS THE BUTTON

Monday and the Big Show Will Be On—Only Clean, High Class Shows Allowed to Run.

Many show and concession people are arriving in Maryville today and are putting up their tents for the big street fair next week. The street lights are up and the street decorations of the fair colors, orange and purple, will be up either this evening or Sunday. So now we are nearing the big week of entertainment.

The paid shows at the fair this year are of a better class and are the best that are on the road. The committee saw to it that only clean, up-to-date shows could come here, and if by any chance a show is here next week that is not altogether first class it will be sent out of town at once. Some of the shows will be the plantation show, composed of twelve colored people, the all-star vaudeville and comedy shows, in which Captain Woolridge, the world's greatest detective and lecturer, will be in; the Prof. James all-star stadium show, the Grace ladies' minstrels, and a frontier day show, composed of Indians and others that took part in the frontier show at Cheyenne, Wyo. There will be a number of other shows, and, of course, there will be the Thomas big electric carry-us-all, and a merry-go-round.

A car load of tents and materials came to Maryville Saturday morning from Chillicothe and Trenton.

This year all Maryville unites in giving you an invitation to attend the fair. It is to be much bigger and better than ever.

AT CONCEPTION JUNCTION.

The Town is Alive—Five New Store Buildings and Six Residences Will Be Built.

The town of Conception Junction is the livest one for its size in the county. The little railroad center is attending strictly to business, is improving every day and there is a big amount of business going on there all the time.

Five new store buildings will be built there within the next few weeks. T. W. Costello, who has already built two cement block store buildings, will erect three more, probably of cement blocks, if not they will be of brick. And there will be two other new store buildings of brick, one by Wilson Mackey for a grocery and hardware store, and one by Chester Smith.

There are also six new residences, either under course of building, or will soon begin. George Bickett is building a seven-room residence for rent, and A. Shaffer is also building one for rent. Walter Hinton, George Massager, Henry Berg and Mr. Longley are each building residences for their own families.

If this is not a boom for a town the size of Conception Junction we don't know what to call it.

TO HAVE CHURCH PICNIC SUNDAY

The Christian Church of Barnard to Have One on School House Lawn.

The Christian church of Barnard will have an all-day picnic and an old-fashioned basket dinner on the school house lawn in that town on Sunday. This is their first annual church picnic, and the pastor of the church, Rev. J. Arthur Dillinger, will give the report of the year's work.

The program to be given is as follows: Sunday school at 10 o'clock; preaching by the pastor at 11 o'clock; basket dinner at 12; members of the church will meet together for half an hour at the church at 2:30 o'clock; Endeavor hour at 7, and preaching at 8 in the evening.

MORE NEW BOOKS

PUBLIC LIBRARY RECEIVED 26 VOLUMES FRIDAY.

JUVENILE AND FICTION

They Are Now on the Shelves at That Institution, Where You Can Get Them.

The public library received this week twenty-six volumes of new books, which were placed on the shelves Friday. Librarian Grace M. Langan issued the list of the new books, which follows:

Barbour; On the School Team, by Earl; Little Colonel Stories, Little Colonel at Boarding School, Little Colonel's House Party, Little Colonel's Holidays, Little Colonel's Hero, Little Colonel in Arizona, Mary Ware, The Little Colonel's Chum, Little Colonel Maid of Honor, The Little Colonel's Knight Comes Riding, all by A. F. Johnston; Camp Venture, The Signal Boys, Wreck of the Red Bird, all by G. C. Eggleston.

Fiction books—The Mystery of the Boule Cabinet, by B. E. Stevenson; The Chalice of Courage, by C. F. Brady; Bluids Down, by H. A. Bachell; Flower of the North, by J. Ofl Curwood; The Turnstile, by A. E. W. Mason; Jean Christopher in Paris, by Romain Rolland; Juna France and Her Times, by G. Atherton; Pleasures and Palaces, by J. W. Tompkins; The Goodly Fellowship, by R. C. Schauffler; Over the Pass, by F. Palmer; The Forest on the Hill, by E. Phillpotts; A Butterfly on the Wheel, by C. R. Gull.

Floyd Cook Hurt.

Floyd Cook, the 7-year-old son of Mr. and Mrs. L. C. Cook, met with a painful accident Friday evening about 5 o'clock, while coasting on his bicycle around the DeLana corner, on South Main street. He ran into a delivery wagon, the shaft striking him under the eye and cutting a gash, throwing him from the bicycle several feet to the pavement, and striking on one side of his head. The boy was taken to his home, and although his bruises are painful, they are not serious. The driver of the delivery wagon tried to get out of the boy's way, and the bicycle rider did not see the approaching team, is how the accident happened.

CHANGE IN TIME.

Evening Services at the Protestant Churches Will Commence Half an Hour Earlier.

All of the Protestant churches in the city will commence their evening services half an hour earlier, commencing Sunday evening. Preaching services at all of these churches will begin at 7:30 o'clock, instead of 8 o'clock. The young people's meetings at the various churches will also commence half an hour earlier, or at 6:30 o'clock.

Will Vote in Blanchard.

Some time ago a petition was circulated among the voters south of town asking the county judges to change the polling place of East Lincoln township from Hazel Grove school house "Chicken Bristle" to South Blanchard. They granted the prayer of petitioners, and at the next election the vote of our Missouri friends will be cast in Blanchard. The polling place will be at Ridgeway & Thurman's office. There are not many towns in which the vote of two states are cast.—Blanchard State Line Herald.

Returned to Kansas.

Miss Bess Nicholas left Saturday morning for Circleville, Kan., where she will resume her position with a millinery house.

ANOTHER DIVORCE SUIT.

Filed for the November Term of Circuit Court—Grace M. Clymens is Suing Her Husband.

Another divorce suit for the November term of circuit court was filed Saturday morning by Attorney A. F. Harvey for Grace M. Clymens against Charles H. Clymens. They were married September 10, 1902, and lived together until August 20, 1912. The petition alleges indignities and attacks by the defendant on the plaintiff.

News of Society and Womens' Clubs

Entertained at Dinner.

Rev. and Mrs. J. H. John entertained at dinner Friday Rev. and Mrs. W. B. Christy.

Meeting of Mothers' Circle.

The Mothers' Circle held a business session Friday afternoon, and among other things considered the advisability of establishing a social center for the young people of the town.

Meeting to Be Held at Library.

Mrs. E. B. Sheldon, president of the Ladies' Auxiliary of the U. C. T., has called a meeting for next Friday afternoon at 3:30 o'clock of all the members of the auxiliary. It will be held in the basement of the library, and a large attendance is desired, as special business will come up.

Will Give Reception.

The B. Y. P. U. of the First Baptist church was entertained in its monthly business and social session Friday night by Mr. A. M. Bennett, at the home of Mr. and Mrs. J. Arthur Wray. The union decided to give a reception to the State Normal students on Friday evening, September 27, the date having to be changed on account of the street fair next week.

Off for State University.

Miss Marjorie Wilfley and Miss Gertrude Mason left Saturday for Columbia, Mo., where they will attend the state university. The young ladies will make their home at Reed hall. Miss Wilfley was given a miscellaneous shower the other evening by the girls of the Hum Drum club, to which she belongs, and they had a good time, as it would be almost a year until they could all be together again.

Reception Well Attended.

The reception given at the First M. E. church Friday night to welcome the new State Normal students was well attended and a most joyous time enjoyed. Dr. J. S. Ford, the pastor, gave a happy address of welcome, which was responded to in the same happy spirit by Professor E. L. Harrington. President Taylor of the State Normal was also present and gave a talk. A piano duet was given by Miss Lucile Airy and Miss LaRue Kemp and a violin solo by Miss Edith Wilson.

Neighbors' Club Meets.

The Social Neighbors' club was royally entertained at the home of Mr. and Mrs. Harley Sowers, Thursday night. A short business session was held, after which ice cream and cake were served. A delightful social hour was then spent by all. Those present were Mr. and Mrs. Ira Ringgold and family, Mr. and Mrs. Lester Ringgold and son, Mr. and Mrs. Ellett Trueblood and family, Mr. and Mrs. Gaylord Reynolds and sons Mr. and Mrs. Pearl Pence and family, Mr. and Mrs. Tillie Hornbuckle and daughter, Mr. and Mrs. James Neal, Mr. and Mrs. Newton Legrand and daughter, Mr. and Mrs. Ed Zwilling and family, Misses Clara Neff, Nola and Iva Farrens, Mr. James Hornbuckle, and the host and hostess. The next meeting will be held in one month at the home of Mr. and Mrs. Tillie Hornbuckle. At that time a short program will be given, consisting of songs, recitations, dialogues and so on.

WEATHER SPOILED THE PICNICS.

Both Skidmore and Arkoe Are in Hard Luck This Week on Account of the Weather.

The weather of Friday and Saturday and the rain put a damper on the Skidmore punkin show and the Arkoe picnic. Only a fair attendance was present at the punkin show at Skidmore both Friday and Saturday, while at Arkoe there were only a few at the picnic on these days.

WRITE TO STREET

BOARD OF PUBLIC WORKS RENEWS CORRESPONDENCE.

ASK FOR A FINAL OFFER

Cannot Renew Negotiations After Bonds Are Issued to Build a New Plant, They Say.

The board of public works sent a letter Saturday to Charles F. Street president of the City Water company, asking for a conference with him if the water company is willing to submit a more favorable proposition than now before the board that of $54,425.

The letter from the board goes on to say "that if a more favorable proposition is not submitted, the board will report to the mayor and council the failure and termination of the negotiations."

The board is going to wind up matters within the few weeks toward either buying the old plant or constructing a new one. If a favorable proposition is made by the water company, then the board will accept that, but if not, they have plans already made for the construction of a new plant.

The letter of the board follows:

"Mr. Chas. F. Street,

"Prest. City Water Co.,

"New York.

"Dear Sir:—Our attorneys, Wood & Oakley, of Chicago, before whom we have had the question of the validity of the bonds voted to buy and improve your water plant or build a new one, have just given us the advice of Mr. Wood, that the proceedings to date are good and sufficient and that we have a right to build a new plant if we so elect, but that before issuing the bonds it should be determined whether they are to be issued for money to buy and improve the old plant or to build a new one, so that the bonds can be made to read accordingly.

"This makes it necessary to at once bring to a conclusion the negotiations with you, either in the purchase of your plant or otherwise, and in a conference with the mayor and board of aldermen it was determined that we should write you, saying that if you desire to submit a more favorable proposition than now before us, i. e., $54,425, we shall be glad to give it consideration.

"If it is not your desire, or the desire of those in interest to authorize you, to submit a more favorable proposition, we shall report to the mayor and council the failure and termination of the negotiations.

"It would seem that after the bonds have been issued to build a new plant it would then be utterly impossible for us to purchase your plant, so that all negotiations between us must necessarily end at that time.

"We shall be pleased to have a prompt reply. It occurs to us it might be better for you to come here personally or send a duly authorized representative to the end of facilitating matters, as we are very anxious to proceed with all possible haste.

"Yours very truly,

"S. G. GILLAM,

"Secretary."

QUEEN'S FLOAT IS READY.

Mrs. M. A. Turner and Mrs. D. N. Scott Finish the Work Friday Evening—It is a Beauty.

The float for the queen and her attendants for the children's carnival next Saturday afternoon, which will be the grand closing of the Maryville street fair, was finished Friday afternoon, and it is certainly a beauty. The float represents a forest scene and is covered with oak leaves and red haws. A whole drove of bewitching little fairies will follow the float, then will come all the rest of Maryville's beautiful children.

A NICE DECORATED WINDOW.

Orear-Henry Drug Store the First One, and Many Others Are to Follow.

Many merchants are decorating their windows fo rthe street fair next week, but one that has some merit in it is the window in the Orear-Henry Drug company. In addition to the street fair colors in the window there is also a large card, containing the Wabash and Burlington tracks, the Saints Highway, and many of the pictures of the Normal and other public and church buildings. "All roads lead to Maryville" is the slogan. In the center of the card is the following:

"Maryville looks good to me—it will to you.—Ed. G. Orear."

DR. RYAN LOCATED HERE.

CASCARETS CLEANSE LIVER AND BOWELS

The Millions of Cascaret Users Never Have Headache, Constipation, Biliousness of Sick Stomach.

It is more necessary that you keep your bowels, liver and stomach clean, pure and fresh than it is to keep the sewers and drainage of a large city free from obstruction.

Are you keeping clean inside with Cascarets—or merely forcing a passageway every few days with salts cathartic pills or castor oil? This is important.

Cascarets immediately cleanse and regulate the stomach, remove the sour, undigested and fermenting food and foul gases; take the excess bile from the liver and carry out of the system the constipated waste matter and poison in the intestines and bowels.

No odds how badly and upset you feel, a Cascaret tonight will straighten you out by morning. They work while you sleep. A 10-cent box from your druggist will keep your head clear, stomach sweet and your liver and bowels regular for months. Don't forget the children—their little insides need a good, gentle cleansing, too.

IS NEAR DEATH.

G. M. Mercer, Who Was Injured, Not Expected to Live—Chapman is in Jail.

G. M. Mercer, 55 years old, is growing worse and is not expected to live, at his home, southeast of Parnell. Two physicians were with him all night, and he is growing weaker.

Mercer was injured Wednesday by a blow dealt him by John C. Chapman, who felled the old man with a scoop. The trouble occurred while they were at work threshing on the Willhoyt farm, near Parnell. No cause is given for Chapman's act.

Chapman was arrested Friday and is now in jail at Grant City, as the fight took place in Worth county.

Attended Meetings at the Junction.

Rev. H. J. Dueker, pastor of the M. E. church at Pickering, was in Maryville Saturday morning on his way home from Burlington Junction, where he had been attending the revival meetings for two days. He reports eighty conversions. The meetings will continue all next week.

ALFALFA SEED UNPROFITABLE

Product Reaches Lowest Price in Many Years at Cottonwood Falls, Kan.

Cottonwood Falls, Kan., Sept. 13.—Alfalfa seed has reached the lowest price here this season at which it has sold in many years, according to local dealers who are now able to buy seed at $6.50 a bushel. The price probably will go still lower.

The decline in the market does not seem to be due to a big crop, at least not locally, as the yield in this part of Kansas is hardly half of that produced last fall, but rather to a falling off in the demand for seed.

An Estate Farm for Sale

Consisting of 350 acres, located eight miles southwest of Maryville. All smooth prairie land, subject to cultivation, with the exception of 20 acres of timber land, all under same fence. An ideal stock farm. Within a half mile of farm a good school house. Well improved, large barn 60x80, hog houses, double corn cribs, good dwelling of six rooms, a good tenant 4-room house, one splendid well with windmill, one fountain or spring piped into cement tank. The farm lies in one body, but could be divided into three smaller farms to good advantage. Can be purchaserd for $125 an acre if bought by December 1, 1912. Terms, cash.

Address all communications to Wm Everhart, Maryville, Mo., or to Joseph Everhart, Pickering, Mo.

The Men Who Succeed

As heads of large enterprises are men of great energy. Success, today, demands health. To all is to fail. It's utter folly for a man to endure a weak, run-down, half alive condition when Electric Bitters will put him right on his feet in short order. "Four bottles did me more real good than any other medicine I ever took," writes Chas. B. Allen, Sylvania, Ga. "After years of suffering with rheumatism, liver trouble, stomach disorders, and deranged kidneys, I am again, thanks to Electric Bitters, sound and well." Try them. Only 50 cents at the Orear-Henry Drug Co.

Protection from loss by windstorms, fire or lightning is business, either in country or city. You owe it to yourself and family. Consult me now for special rates and terms, or phone me and I will call.

STREET RAILWAY STRIKERS RIOT

Troops Called for to Preserve Order at Duluth.

POLICE FORCE WAS POWERLESS

Hoodlums in Possession of Streets—Conductors Dragged From Cars and Seriously Injured—Much Property Destroyed.

Duluth, Minn., Sept., 14.—Business organizations appealed to Gov. Eberhart for troops to help quiet the riotous outbreaks that compelled the street car company to suspend service after six car men had been injured by strikers and their friends. Five arrest were made, but the police could do little with the crowd that surged around each car sent into the downtown streets. Stone throwers were lost in the mass, and there were not enough officers to drive back the attackers.

After the car tracks were piled with boards, fences and stones, the street car company gave up at 3:45 o'clock in the afternoon and called in its cars. They came in without any glass.

Shots Were Fired.

Three local companies of the third regiment are encamped at the armory awaiting orders from Gov. Eberhart.

Hoodlums took possession of the streets and with the strike of street car employes as an excuse, rioted for hours in all parts of the city. Non-union car conductors and motormen were beaten, the cars and other property of the company were wrecked and in one instance shots were fired in defiance of police who tried to disperse a particularly vicious crowd near the barns.

At least two of the strikebreakers who were brought in from st. Paul, Minneapolis and Milwaukee were seriously injured by mobs and nearly a dozen others were stoned and driven from their posts. The authorities declared the riot leaders were iron workers employed in boiler shops and foundries.

All Windows Broken.

The police force found itself outnumbered in almost every instance. As fast as one disorder was quieted another would break out blocks away and several times the officers were confronted with the task of appearing in three places at once.

On Lake avenue, in the heart of the city, a conductor was dragged from a car during the afternoon and so badly beaten that he had to be helped from the street to a drug store after being thrown through a plate glass window His motorman attempted to help him and received a beating. An unconscious conductor, taken to a drug store near Forty-second avenue, west, is believed to be badly injured. He was beaten and stoned and his car practically demolished. There is not a whole window left within a block of the car barns.

HEARS ST. JOSEPH RIVER CASE

Government Engineers Inspect Proposition to Save Lake at Expense of $150,000.

St. Joseph, Sept. 14.—Three government engineers, Col. F. D. Abbott, Col. C. McD. Townsend and Maj. Charles Keller, spent the day here inspecting the Missouri river at this point, where an appropriation of $150,000 has been asked to save Lake Contrary, the scene of St. Joseph's summer resort, from destruction by the cutting in of the river.

The government already has made an appropriation of $75,000, contingent upon the expenditure by the city or the interests affected of a similar amount. The city desires the government to appropriate the whole amount.

Women Warn Gamblers.

Larned, Kan., Sept. 14.—A number of Larned women organized a Women's Anti-Gambling association. The members are wives of men who have been buncoed by gamblers here. In a set of resolutions just made public, the women warn gamblers to leave their husbands alone, under penalty of violence by the use of horsewhips, clubs, etc. They threaten to take the law into their own hands and raid the next poker game held here.

Eighteen Nations to Fair.

Washington, Sept. 14.—The state department announced that 18 nations had accepted the invitation to participate in the Panama Pacific exposition in San Francisco in 1915. They are Bolivia, Canada, Costa Rica, Cuba, Dominican Republic, Ecuador, France, Great Britain (provisionally), Guatemala, Haiti, Honduras, Japan, Mexico, Nicaragua, Panama, Peru, Salvador and Uruguay.

From the Ring to the Stump.

North Abington, Mass., Sept. 14.—If his wife will let him, John L. Sullivan will deliver a few speeches for Col. Roosevelt. "I can see only the Bull Moose party," Sullivan said. "My wife has made me keep out of politics so far, but in view of the colonel's stand on woman suffrage I believe she will back away and let me do a little informal stumping this fall."

GEN. NOGI AND WIFE SUICIDED

GRIEF OVER DEATH OF EMPEROR THE CAUSE

Were in Procession Following Body of Dead Ruler—Self Destruction an Old Japanese Custom.

Tokio, Sept. 14.—General Count Marosuko Nogi, supreme military councillor, and his wife, the Countess Nogi, committed suicide following the religious ceremonies in connection with the death of the late Emperor Mutsuhito.

The aged general and his wife were in the procession following the emperor's body, the general holding one of the places of honor among the mourners.

The suicide of General Nogi, who won fame in the war with China and even greater fame in the war with Russia, is believed to be an expression of the general's grief over the death of the emperor.

This is the customary method in Japan to express grief over the death of a national ruler.

General Nogi was in command of the Japanese forces in the capture of Port Arthur and at the battle of Mukden, the decisive engagement of the campaign. In that campaign he lost his two sons in battle. He was captain in the Civil war in 1877. He was commander of a brigade at Kin Chow and Port Arthur in the Chino-Japanese war. For his services he was created a baron and was appointed governor of Formosa.

He spent some time in private life, but at the outbreak of the Russo-Japanese war in 1904 he was promoted to general.

KANSAS TROOPS RUSH TO TEXAS

Four Trains Used to Gain Time—Officers and Men Prepared for Indefinite Stay.

Junction City, Kan., Sept. 14.—Small trains and high speed were the order when the thirteenth cavalry left Fort Riley for El Paso, Tex. Four trains are being used in transporting the troops to the border and the railroads will hurry the troops to their destination.

Each train is equipped with a kitchen car to prepare the meals. The troop cooks travel with the men, and plenty of supplies are being carried.

That officers and men believe the stay in the field will be a long one is shown by the fact that many of the officers' families have packed their household goods and will visit with relatives until the regiment is settled. Many of the married non-commissioned officers and enlisted men are following the same plan. The officers generally believe that the regiment will see active service and are preparing for an indefinite stay in the field.

The following organizations made the trip: Thirtenth cavalry, including three squadrons, headquarters, machine gun platoon and regimental band; pack train No. 10, wagon train and hospital corps detachment.

WHY SECRET SHOE TRUST TRIAL?

Attorney General Disgusted With Action of Judge Putnam—To Go Deeper.

Boston, Sept. 14.—"Nothing short of star chamber proceedings" and an "unheard of action" was the way Attorney General Wickersham expressed himself to District Attorney French regarding Judge Putnam's agreement to the United Shoe Machinery company's request that the government suit against the trust be held behind locked doors.

It became known that the attorney general and Mr. French held an hour's conference at the Copley Plaza, after which Wickersham went to Beverly and conferred on the same matter with President Taft.

He said before he left Beverly for home that he intended to go deply into the shoe case when he returns to Washington.

MOTOR WRECK INJURES PRIESTS

Car Crashed Into Iron Post at Gary, Indiana—Three Clergymen Seriously Hurt.

Gary, Ind., Sept. 14.—Three Catholic priests and a layman were injured severely when a motor car in which they were riding crashed into an iron post. Two of the priests, the Rev. Edward Kowleski and the Rev. P. A. Kahelleck, were cut and bruised to such an extent that their removal to a hospital was necessary. The Rev. Father Czajkowski and John A. Fabish were less severely injured. All of the four were thrown violently from the machine to the pavement.

Rain Dispelled Heat.

Joplin, Mo., Sept. 14.—A heated term that has been maintained in Southwest Missouri and Southeastern Kansas for many weeks was broken here by rain, the first of material effect in seven weeks. The daily temperature maximum for some time has been around 100 degrees, but the rain lowered it to 60 degrees.

Motor Racer Into Crowd.

Mason City, Ia., Sept. 14.—Racing his car around the track at the North Iowa Fair in the motor races here the machine driven by Marion Arnold broke a rear axle and plunged through a fence into a crowd of spectators. Arnold escaped alive, but was severely injured. Fred Eastley, a spectator of Sheffield, was injured fatally.

MOUNTAINEERS KILLED PASTOR

West Virginia Preacher Stoned to Death From Ambush.

RUFFIANS RESENTED SERMONS

Minister Had Laid Special Stress on "Dishonesty"—Had Been Attacked Before Without Serious Consequence.

Charleston, W. Va., Sept. 14—Stoned as were stephen and Paul because of their efforts to carry the gospel to those who would not receive it, the Rev S. H. Green, pastor of the Blue Sulphur Springs Circuit Methodist Episcopal church, South, died a martyr to his calling.

A series of sermons on "Dishonesty," in which he prayed for the evildoers, were not well received by the uncouth mountain folk. The truth hurt. At first there were angry protests against the text. Then there were threats. The minister held to his duty.

Stones Followed Threats.

He held a circuit meeting at Fry's schoolhouse in the mountains. He laid especial stress upon his subject. There were mutterings at the meeting and faithful parishioners sought to warn the pastor. He struck out for home alone in the dusk.

When he reached a lonely pass near Muddy creek mountain the shower of stones began. There was no shelter, so the pastor took his persecution calmly. After he had been felled the mountaineers used clubs and left him for dead.

The attack was not the first. During the campaign against dishonesty he had been struck by missiles frequently, but without severe consequences. Each attack was from ambush, the heavy shrubbery along the mountain roads shielding the assailants.

The last assault was the direct cause of his death at his home at Ausbury, Greenbrier county. A heavy stone crushed his skull and since the attack his death has been only a matter of hours.

Assailants Escaped.

The identity of the assailants is in doubt. A parishioner overheard the threats of a rough crowd in front of the schoolhouse and may be able to identify its members if apprehended. "That sermon is aimed at us," members of the crowd said. "He's having his turn now, we'll have ours later."

Bloodhounds put on the trail were unable to take up the scent. Authorities of Monroe county are at work on the case but have found to clew.

ALASKA COAL CLAIMS SETTLED

Thirty-Three Cunningham Entries Declared Fraudulent and Ordered Canceled.

Washington, Sept. 14.—All 33 so-called Cunningham Alaska coal land claims involving alleged fraudulent blanket patents, which contributed to the Ballinger-Pinchot controversy have been adversely decided and Secretary Fisher has directed the immediate execution of the decision of Commissioner Dennett of the general land office, who held the claims were fraudulent and that the entries should be canceled. Secretary Fisher took this final action on his second review of the case.

No more of the real Cunningham claims are pending, through the interior department is regularly passing upon other Alaskan claims somewhat similar to those of the Cunningham group. Of a thousand or more such, 300 already have been disallowed.

MISSOURI NOT TO QUARANTINE

State Veterinarian Wires From Dodge City That Action is Unnecessary.

Dodge City, Kan., Sept. 14.—Missouri will not establish a quarantine aginst the shipment into the state of horses from other states where the horse plague is prevalent. Dr. S. Sheldon, the state veterinarian who came here at the suggestion of C. Wilson, state secretary of agriculture sent the following telegram to Wilson:

"Quarantine not necessary and would not be effective. I expect to send you important information soon. Advise Gov. Hadley."

Dr. Sheldon was sent to Kansas to investigate the plague and decide if a quarantine would be necessary. Gov. Hadley announced that he would abide by the decision of Dr. Sheldon.

Joplin Strike Continues.

Pittsburg, Kan., Sept. 14.—Through the efforts of city officials, a conference was arranged between the striking carmen of the Joplin & Pittsburg railway during the afternoon, but at 8 o'clock p. m. after several sessions, the conference took an indefinite adjournment while the carmen's committee presented the situation to the men.

Pay More Szechenyi Debts.

Budapest, Sept. 14.—The Vanderbilt millions are once again being employed to pay the Szechenyi debts, this time for no less a defaulter than the Bishop of Grosswardein, a Count Szechenyi. He owes, it is said, more than $100,000.

HER FRIEND'S GOOD ADVICE

The Results Made This Newburg Lady Glad She Followed Suggestion.

Newburg, Ala.—"For more than a year," writes Myrtle Cothrum, of this place, "I suffered with terrible pains in my back and head. I had a sallow complexion, and my face was covered with pimples. Our family doctor only gave me temporary relief.

A friend of mine advised me to try Cardui, so I began taking it, at once, and with the best results, for I was cured after taking two bottles. My mother and my aunt have also used Cardui and were greatly benefited.

I shall always praise Cardui to sick and suffering women."

Cardui is a purely vegetable, perfectly harmless, tonic remedy for women, and will benefit young and old.

Its ingredients are mild herbs, having a gentle, tonic effect, on the womanly constitution.

Cardui has helped a million women back to health and strength.

Have you tried it? If not, please do. It may be just what you need.

REBELS FAIL TO TAKE EL TIGRE

After All Day Battle, Great Mines Are Still Operating.

SALAZAR DEMANDED SURRENDER

Ultimatum Regarded as Bluff and Attack Renewed, With Disastrous Results to Revolutionists—No Americans Killed.

Douglas, Ariz., Sept. 14.—The attack of Inez Salazar's rebels on El Tigre ended in a repulse for the rebels by the small band of federals garrisoning the camp. According to word just received here the attack began at 6 o'clock in the morning. At 7:30 o'clock Salazar sent a messenger under a flag of truce to the commander of the federals, demanding the surrender of the town to avoid further bloodshed.

As no one in the camp had been wounded, it was believed that Salazar's request came as the result of loss among his own men.

When the demand for the town's surrender was refused, Salazar renewed the attack and firing continued until 5 o'clock at night. At that hour Salazar withdrew his force, but at nightfall they began firing upon the town at long range, the federals replying to the fire.

Rebel Loss Heavy.

During the day's fighting two federals were wounded. No Americans were hurt. The rebels loss is unknown. One rebel was killed on the streets in an attempt by a party of rebels to rush a section of the camp.

It is thought their loss in the hills was heavy.

The plant of the El Tigre Mining company was still operating late at night. Reinforcements for the federal garrison are expected to reach there at midnight. General Sanjines is expected to send a force from Agua Prieta south at daybreak. A detachment of Rojas' band is reported to be 20 miles north of Colonia Morelos. The remainder is still at Ceniza, 12 miles from Douglas.

Fate of Mormons Unknown.

A party of Mormons left here to rescue five men and two boys who are still at the colony. Because of the belief here that Edward Haymore, a prominent Mormon merchant, was murdered by the rebels it is feared that the Mormons remaining at the colony will meet a similar fate if their rescuers are too late. Haymore's clothing was found near the place where his wagon was discovered.

E. S. O'Reilly and two American companions who crossed the line into Mexico are reported to have recrossed at the camp of the American border patrol, 20 miles east of Douglas. They had but one horse and reported that their two other horses had been shot in a brush with Rojas.

The entire ninth cavalry commanded by Col. Guilfoyle, with the exception of one squadron and a troop, is encamped here. The negro troops will be used to patrol the border from Douglas east to the New Mexican line while the fourth cavalry will partol the border west of Douglas.

WARSHIPS GO TO SANTO DOMINGO

Revolution in Island Threatens Safety of Custom House, Controlled by America.

Washington, Sept. 14.—The United States is about to intervene in Santo Domingo. Warships will be sent at once to the island. A revolution has broken out which threatens American and other foreign interests. The customs house of the island, controlled by the United States by treaty, must be protected against seizure by the revolutionists. Further than that advices conveyed news of so serious nature that the state department began preparations for immediate activity.

For One Car of Seed $6,500.

Cottonwood Falls, Kan., Sept. 14.—The most valuable carload of grain shipped from this place this season was a car of alfalfa seed containing 930 bushels, worth $7 a bushel, which was sent to an Iowa seed house. The value of the car of seed was something over $6,500, or enough to pay for a respectable Kansas farm.

Fire Cripples Car Lines.

Milwaukee, Sept. 14.—Fire from a cause not known damaged an immense switchboard at the power plant of the Milwaukee Electric Railway company to the extent of $100,000. Interurban service is badly hampered from lack of power. The loss is covered by insurance.

Plague Delays Court.

Norton, Kan., Sept. 14.—The fall term of court in Norton county, which opens Monday next, will be postponed owing to the horse plague. The regular jury which was summoned has been excused for a week, and if the plague continues may not be called this fall.

A Miner Entombed.

Pittsburg, Kan., Sept. 14.—Louis Martelo of Scammon, a miner, was liberated from Central Mine No. 42 after an entombment of over eight hours. A fall of rock imprisoned him. Fortunately a car driver saw the slide which shut the miner off from the world and gave the alarm.

RECEIVERS FOR MOTOR TRUST

ORGANIZATION CAPITALIZED AT 42½ MILLION DOLLARS.

Insolvency Suit Brought by Creditors, Said to be "Friendly"—Ten Concerns Involved.

New York, Sept. 13.—Receivers were appointed for the United States Motor company, a $42,500,000 holding corporation organized in 1908 to control ten motor car and gas engine manufacturing companies. Its directors number some of the most widely known capitalists in the country.

The receivers, W. E. Strong and Robert Walker, were appointed by Judge Hough in an insolvency suit brought by creditors. Nine of the holding firm's constituent companies were involved namely:

The Alden Simpson Manufacturing company of Detroit; the Brush Runabout company of Detroit; the Columbia Motor company of Hartford, Conn.; the Dayton Motor Car company of Dayton, O.; the Maxwell-Briscoe company of Tarrytown, N. Y.; the Courier Car company, Dayton, O.; Gray Motor company, Detroit; Briscoe Manufacturing company, Detroit, and the Providence Engineering Works, Providence, R. I.

Bankers identified with the company say the proceedings are friendly and brought with the purpose of clearing up the company's affairs. Plans for reorganization are said to be under way.

The securities of the United States Motor company have been declining on the curb market for some time and it was generally reported that the company was in difficulties.

The petition for a receiver states that the assets of the company consist of cash, bills and accounts receivable and shares of stock of the subsidiary and "selling" companies and shares of stock of other corporations controlled by the company and the assets of the subsidiary companies. The aggregate liabilities of the defendant companies, the petition states, are approximately $12,250,000.

NO TOOTHPICKS ON DINING CAR

Illinois Central Railroad Says They're Vulgar—Incidentally Saves $1,400 a Year.

Omaha, Sept. 13.—The Illinois Central railroad has declared the toothpick vulgar and no longer will the perfumed splints be served with dessert and the customary itemized statement of the meal. The order has gone out to all dining car conductors that hereafter the patrons of that road will either have to whittle matches or do without toothpicks at all.

In explanation of the move the Illinois Central officials here said that so many of its patrons had complained of the use of the toothpick, calling it vulgar, that it was decided to dispense with it. The toothpick item on the railroad's expense account amounts to $1,400 a year.

Protest Causes White Star Company to Abandon "Gigantic" for "Brittanic."

London, Sept. 13.—The new 50,000-ton steamship being built for the White Star Steamship company at Belfast will be named Brittanic. It was at first announced that this ship would be called the Gigantic, but in reply to a letter of protest against this name after the Titanic disaster J. Bruce Ismay stated that the name certainly would not be Gigantic.

Like the Olympic, the Brittanic will have a complete inner skin and an increased number of watertight bulkheads. It is said that it will be able to float with six compartments flooded. Many changes have been made in the new boat since the sinking of the Titanic.

DETROIT ALDERMEN MAY ESCAPE

Prosecutor Drops Graft Charges Against Two—Fifteen to Answer for Conspiracy.

Detroit, Sept. 13.—That none of the aldermen accused of grafting will be prosecuted was indicated by the action of Prosecutor Shepherd, when he recommended that the charges of having promised to accept a bribe against Aldermen Patrick O'Brien and William Koenig be dismissed. The two councilmen, however, still have a conspiracy charge pending against them. They, with 15 other aldermen and Schreiter, clerk, will appear before Justice Jeffries to answer to the conspiracy charge. Shepherd admitted that the evidence against Aldermen O'Brien and Koenig was very flimsy.

Impressive Ceremonies Attend Burial of Japan's Dead Ruler.

FUNERAL CAR DRAWN BY OXEN

United States Had Leading Part in Event Shared by all Great Powers of the World—100,000 at Cemetery.

Tokio, Sept. 13.—Ancient traditions and religious rites mingled with modern diplomatic pageantry here when the ceremonies attending the burial of the late Emperor Mutsuhito, who died on July 30, were inaugurated. The United States had a leading part in the modern show, in which shared representatives of all powers of the world, but in the ancient rites Japan was alone.

The event is more than an expression of a great national grief. It is important in that it shows the high ranking place of Japan among nations of the earth. Secretary of State Knox, Brig-Gen. J. J. Pershing, Rear Admiral A. R. Reynold, Ambassador O'Brien and Ransford Miller, chief of the division of far eastern affairs, represent the United States.

Ceremonies of Today.

The day's program was as follows: Prayers by priests and laymen in the temples; foreign representatives pay the tribute of their various governments to the memory of the dead ruler; funeral cortege to Aoyama cemetery, where public services were held and food given to the multitude; eulogies pronounced by Emperor Yoshihito and the empress dowager; departure of the funeral train bearing Mutsuhito's body to the imperial cemetery near Kioto.

At the appointed hour of six in the morning the first ceremonies of the funeral began. The representatives of the foreign governments, including Mr. Knox and his aides, assembled in the principal audience chamber of the imperial palace. There they were met by the elder statesmen, the members of the house of peers and all the high officials of the Japanese government.

Funeral Car Drawn by Oxen.

Following a Japanese custom inaugurated more than a thousand years ago, the imperial coffin was placed on the funeral car by one hundred men of Hase village, Kioto. Seven gigantic oxen were attached to the enormous funeral car which had been especially built for this occasion. As the procession moved off, the wheels of the cart, which had been constructed to creak mournfully, gave off a lugubrious sound. Slowly and ponderously this great, rough, five-ton hearse moved forward behind the soldiers and through a lane the sides of which were banked with troops from the regular army.

The procession was headed by the Imperial Body Guards. They were followed by vehicles bearing thousands upon thousands of various kinds of flowers.

Next came the mounted police, and then what looked like a moving forest. This part of the procession was made up of men carrying trees with the roots intact, to be planted in the cemetery. The dark green boughs of these sacred trees were relieved by streamers of variously-colored silk ribbon. Each bore a pious inscription.

Princes March on Foot.

Imperial princes, disdaining wealth and station upon such an occasion when grief is supposed to set the low and the high upon a common ground, marched along on foot behind the musicians.

Following the princes came the creaking ox wain—the hearse of the emperor. Around the cart marched Shinto priests, dressed in the robes of office.

Close by followed high officers of state, and behind them were led the favorite horses of the defunct emperor.

After the horses came the princesses and ladies of the court in closed carriages. They were dressed in yellow and partly veiled in black, although women of lesser rank were attired in red. The diplomatic corps and the representatives of foreign governments had a place in line directly behind the officers of the Japanese court. Three regiments of soldiers from the Tokio barracks, accompanied by nearly 10,000 marines and blue jackets, completed the line. The procession was over seven miles long and dusk was growing into night before the parade ground outside the cemetery at Aoyama was reached.

Ancient Rites at Cemetery.

At least 100,000 persons were gathered at the great cemetery when the concourse arrived.

Presently the chief priest advanced to the coffin and, standing before the altar, bowed his head in prayer. Meantime offerings of fish, fruit, vegetables, rice, wine and other articles were being brought forward upon white platters. As the priest received each he called upon the spirit of the departed to accept it. After a second prayer the new emperor came forward and read a long eulogy from a scroll. Then the great concourse began slowly to disperse while the coffin containing the body was carried to a special train which was to convey it to Kioto.

KANSAS FARMERS PANIC STRICKEN

Reports That Horse Plague is Decreasing Are Denied.

HUNDREDS OF NEW CASES DAILY

Government Men Sent to Dodge City Find Conditions Alarming—Deerfield Offers $1,000 for Cure.

Dodge City, Kan., Sept. 13.—Reports sent out from Topeka that the horse plague is on the decrease in southwestern Kansas are incorrect. The disease is on the increase, and is spreading to districts heretofore not infected.

As soon as the ten government veterinarians and pathologists came down to the lobby of the Harvey House they found F. M. Davis, a ranch man of Meade, awaiting them. He had been sent by the horse owners of Meade county as soon as they learned that the government men were here. He reported that since the first case was noticed in Meade county two weeks ago, 600 horses have been stricken and 500 of them have died. Many new cases are developing every day and the farmers of the county are in a state of excitement bordering upon panic.

Veterinarians Kept Busy.

Dr. Busman sent Dr. J. M. Simpson of Pueblo and Dr. A. O. Lundall of Oklahoma City with Davis in his machine to investigate the conditions there.

Dr. Busman received a telephone call from the town of Fowler, in Meade county, that the disease was increasing in violence there and sent two doctors to that town. A little later he received a call from the officials of Cimarron, west of here and he sent two doctors there.

F. G. Dondaville, deputy live stock sanitary commissioner of Kansas, who is a veterinarian of long experience in Dodge City, returned from a trip of two days among the towns along the Santa Fe railroad west of here. He said:

"The plague is on the increase and is spreading. It has been 21 days since the disease first appeared in this section. Since then 1,000 horses have died within 25 miles of Dodge City, and I estimate that fully 1,000 more are down with the disease now in this same district.

Vaccination Being Tried.

"At the town of Lakin I vaccinated 250 horses, and I will return there in the morning to vaccinate 150 more. These are all well horses the farmers drive in for me to vaccinate. This indicates the panic among the farmers. I vaccinate with the influenza serum, and do not guarantee anything nor promise anything. I do not know myself whether it will do any good or not, but at any rate it can do no harm, and the farmers are anxious to grasp at any straw.

"At Deerfield I found many cases, and the citizens of that town have just offered a reward of $1,000 to any man who would produce a cure for the disease."

Four government men were left to continue the investigation around Dodge City.

Madero Needs Money.

The City of Mexico, Sept. 13.—That President Madero will ask the congress to appropriate $30,000,000 to put down the rebellion was reported here. The report lacks verification, but it is known the president is much worried by the insurrectionary activity.

La Follette on Tour.

Washington, Sept. 13.—Senator La Follette has left Washington for a Western tour, where it is expected he will enter actively the campaign for Progressive candidates on state tickets.

SPOKE AT EMPIRE

WILLIAM R. RATHVON OF DENVER, COL., LECTURED.

NEW LIFE—OLD TRUTH

An Interesting and Eloquent Exposition of the Doctrines of the Christian Science Church.

Mr. William R. Rathvon of Denver, Col., an official lecturer of the Christian Science church, delivered an interesting lecture at the Empire theater Friday night on the subject of "New Life from Old Truth," before a good audience.

Mr. Rathvon is a pleasant speaker to hear and his message was presented quietly, but eloquently. He was introduced by Mr. H. R. Hancock.

Mr. Rathvon spoke an hour and a half and was listened to very attentively. Here are a few of the things his lecture contained:

Man's comprehension of the problems of life is to be measured by his understanding of God. He holds to contrary and widely divergent beliefs about God, and hence his interpretations of life are conflicting and discordant. If he concedes to God, the primal cause of all being, illimitable power—omnipotence—and illimitable knowledge—omniscience—and in the next breath attributes to Him the afflictions and disasters of human experience, he is setting up a god of good and evil, of benevolence and cruelty, whom he may try to love but is bound to fear. * * *

It is often charged against Christian Scientists because they rely wholly upon mind that they do not "do anything" for the sick. When the average man considers the needs of a sick person, his thought at once turns to the medicine bottle, and he believes there is nothing being done for the sick man unless he is made to swallow something. According to his peremptory opinions the sick man should be treated with something that he can taste or smell or feel, something that the senses can perceive. Otherwise "nothing is being done for him." He may tell you that attempting to change the condition of a man's body through mind alone is foolishness. And yet—this same intelligent citizen will readily admit that a man's body commonly and frequently undergoes sudden and very marked changes due entirely to mental causes. He will admit that salt water will flow from his eyes if he is subjected to great grief. That sudden fear will produce cold perspiration. That anger will cause the face to flush or pale, the heart to thump, the voice to change.

Now grief, anger and the like are obviously mental, but because their effect on the body is of every-day occurrence, as commonplace as eating and drinking, the lesson they disclose is lost upon the man who hastens to censure Christian Science for achieving what he styles the impossible, yet which has been a part of him since the day when as a crying infant he on his mother's arm shed his first tears.

Jesus proved for all time and for all Christendom that the origin of disease was mental, and he healed it with mental medicine. He gave himself no concern about physical symptoms, but he destroyed what caused them. He cared little about what the sick man had been eating, but much about what he had been thinking. He said in so many words, "It is not that which goeth into a man which defileth him." When he healed the sick he gave no parting directions about diet and rest, but on at least one occasion said, "Sin no more lest a worse thing come unto thee," thus indicating the mental origin of the disease. The sick were healed by him through spiritual understanding, not by human will. Christian Science, similarly relying wholly upon divine principle, has no relationship with will power, mental science, hypnotism, mesmerism, auto-suggestion, thought transference, spiritualism or any of the other cults or schools which rely wholly or in part upon the influence of one human mind or human will upon another. These are essentially adverse to the teachings of Christian Science, wherein the human mind and the human will are made wholly subordinate and subservient to the divine mind, the will of God. Success in Christian Science is only attained as fallible human mentality is eliminated. This implies self-denial, and the affirmation of all good, and is a condition to which all must come sooner or later. "As I live, saith the Lord, every knee shall bow and every tongue shall confess to God."

Team Ran Away But Didn't Hurt Him.

One of the dray teams of Hi Murray, driven by Jesse Cochran, ran away Friday evening at the Burlington depot just after the 4:29 train left the station. Cochran was thrown from the wagon and knocked senseless for a little while. Dr. Nash was at once summoned but before he arrived Cochran was sitting up counting the cheese boxes that had been thrown from the wagon to see if any were missing. They were all there. Dr. Nash asked him if he was hurt, and the victim of the runaway said he wasn't, then the doctor went over and examined the wagon, as the wheels ran over Cochran when he was thrown from it, and there wasn't a thing wrong there, Finding nothing that required his attention, Dr. Nash came back uptown, enjoying the unexpected spin in the car, while Mr. Cochran thanked his lucky stars that he was not going to face a few weeks in bed and a doctor's bill. It was a lucky accident all 'round.

ALL IS NOW READY

MANY SHOWS AND ATTRACTIONS HERE FOR STREET FAIR.

WILL PRESS THE BUTTON

Monday and the Big Show Will Be On—Only Clean, High Class Shows Allowed to Run.

Many show and concession people are arriving in Maryville today and are putting up their tents for the big street fair next week. The street lights are up and the street decorations of the fair colors, orange and purple, will be up either this evening or Sunday. So now we are nearing the big week of entertainment.

The paid shows at the fair this year are of a better class and are the best that are on the road. The committee saw to it that only clean, up-to-date shows could come here, and if by any chance a show is here next week that is not altogether first class it will be sent out of town at once. Some of the shows will be the plantation show, composed of twelve colored people, the all-star vaudeville and comedy shows, in which Captain Woolridge, the world's greatest detective and lecturer, will be in; the Prof. James all-star stadium show, the Grace ladies' minstrels, and a frontier day show, composed of Indians and others that took part in the frontier show at Cheyenne, Wyo. There will be a number of other shows, and, of course, there will be the Thomas big electric carry-us-all, and a merry-go-round.

A car load of tents and materials came to Maryville Saturday morning from Chillicothe and Trenton.

This year all Maryville unites in giving you an invitation to attend the fair. It is to be much bigger and better than ever.

AT CONCEPTION JUNCTION.

The Town is Alive—Five New Store Buildings and Six Residences Will Be Built.

The town of Conception Junction is the livest one for its size in the county. The little railroad center is attending strictly to business, is improving every day and there is a big amount of business going on there all the time.

Five new store buildings will be built there within the next few weeks. T. W. Costello, who has already built two cement block store buildings, will erect three more, probably of cement blocks, if not they will be of brick. And there will be two other new store buildings of brick, one by Wilson Mackey for a grocery and hardware store, and one by Chester Smith.

There are also six new residences, either under course of building, or will soon begin. George Bickett is building a seven-room residence for rent, and A. Shaffer is also building one for rent. Walter Hinton, George Massager, Henry Berg and Mr. Longley are each building residences for their own families.

If this is not a boom for a town the size of Conception Junction we don't know what to call it.

TO HAVE CHURCH PICNIC SUNDAY

The Christian Church of Barnard to Have One on School House Lawn.

The Christian church of Barnard will have an all-day picnic and an old-fashioned basket dinner on the school house lawn in that town on Sunday. This is their first annual church picnic, and the pastor of the church, Rev. J. Arthur Dillinger, will give the report of the year's work.

The program to be given is as follows: Sunday school at 10 o'clock; preaching by the pastor at 11 o'clock; basket dinner at 12; members of the church will meet together for half an hour at the church at 2:30 o'clock; Endeavor hour at 7, and preaching at 8 in the evening.

MORE NEW BOOKS

PUBLIC LIBRARY RECEIVED 26 VOLUMES FRIDAY.

JUVENILE AND FICTION

They Are Now on the Shelves at That Institution, Where You Can Get Them.

The public library received this week twenty-six volumes of new books, which were placed on the shelves Friday. Librarian Grace M. Langan issued the list of the new books, which follows:

Barbour; On the School Team, by Earl; Little Colonel Stories, Little Colonel at Boarding School, Little Colonel's House Party, Little Colonel's Holidays, Little Colonel's Hero, Little Colonel in Arizona, Mary Ware, The Little Colonel's Chum, Little Colonel Maid of Honor, The Little Colonel's Knight Comes Riding, all by A. F. Johnston; Camp Venture, The Signal Boys, Wreck of the Red Bird, all by G. C. Eggleston.

Fiction books—The Mystery of the Boule Cabinet, by B. E. Stevenson; The Chalice of Courage, by C. F. Brady; Bluids Down, by H. A. Bachell; Flower of the North, by J. Oft Curwood; The Turnstile, by A. E. W. Mason; Jean Christopher in Paris, by Romain Rolland; Julia France and Her Times. by G. Atherton; Pleasures and Palaces, by J. W. Tompkins; The Goodly Fellowship, by R. C. Schauffler; Over the Pass, by F. Palmer; The Forest on the Hill, by E. Phillpotts; A Butterfly on the Wheel, by C. R. Gull.

Floyd Cook Hurt.

Floyd Cook, the 7-year-old son of Mr. and Mrs. L. C. Cook, met with a painful accident Friday evening about 5 o'clock, while coasting on his bicycle around the DeLana corner, on South Main street. He ran into a delivery wagon, the shaft striking him under the eye and cutting a gash, throwing him from the bicycle several feet to the pavement, and striking on one side of his head. The boy was taken to his home, and although his bruises are painful, they are not serious. The driver of the delivery wagon tried to get out of the boy's way, and the bicycle rider did not see the approaching team, is how the accident happened.

CHANGE IN TIME.

Evening Services at the Protestant Churches Will Commence Half an Hour Earlier.

All of the Protestant churches in the city will commence their evening services half an hour earlier, commencing Sunday evening. Preaching services at all of these churches will begin at 7:30 o'clock, instead of 8 o'clock. The young people's meetings at the various churches will also commence half an hour earlier, or at 6:30 o'clock.

Will Vote in Blanchard.

Some time ago a petition was circulated among the voters south of town asking the county judges to change the polling place of East Lincoln township from Hazel Grove school house "Chicken Bristle" to South Blanchard. They granted the prayer of petitioners, and at the next election the vote of our Missouri friends will be cast in Blanchard. The polling place will be at Ridgeway & Thurman's office. There are not many towns in which the vote of two states are cast.—Blanchard State Line Herald.

Returned to Kansas.

Miss Bess Nicholas left Saturday morning for Circleville, Kan., where she will resume her position with a millinery house.

ANOTHER DIVORCE SUIT.

Filed for the November Term of Circuit Court—Grace M. Clymens is Suing Her Husband.

Another divorce suit for the November term of circuit court was filed Saturday morning by Attorney A. F. Harvey for Grace M. Clymens against Charles H. Clymens. They were married September 10, 1902, and lived together until August 20, 1912. The petition alleges indignities and attacks by the defendant on the plaintiff.

News of Society and Womens' Clubs

Entertained at Dinner.

Rev. and Mrs. J. H. John entertained at dinner Friday Rev. and Mrs. W. B. Christy.

Meeting of Mothers' Circle.

The Mothers' Circle held a business session Friday afternoon, and among other things considered the advisability of establishing a social center for the young people of the town.

Meeting to Be Held at Library.

Mrs. E. B. Sheldon, president of the Ladies' Auxiliary of the U. C. T., has called a meeting for next Friday afternoon at 3:30 o'clock of all the members of the auxiliary. It will be held in the basement of the library, and a large attendance is desired, as special business will come up.

Will Give Reception.

The B. Y. P. U. of the First Baptist church was entertained in its monthly business and social session Friday night by Mr. A. M. Bennett, at the home of Mr. and Mrs. J. Arthur Wray. The union decided to give a reception to the State Normal students on Friday evening, September 27, the date having to be changed on account of the street fair next week.

Off for State University.

Miss Marjorie Wilfley and Miss Gertrude Mason left Saturday for Columbia, Mo., where they will attend the state university. The young ladies will make their home at Reed hall. Miss Wilfley was given a miscellaneous shower the other evening by the girls of the Hum Drum club, to which she belongs, and they had a good time, as it would be almost a year until they could all be together again.

Reception Well Attended.

The reception given at the First M. E. church Friday night to welcome the new State Normal students was well attended and a most joyous time enjoyed. Dr. J. S. Ford, the pastor, gave a happy address of welcome, which was responded to in the same happy spirit by Professor E. L. Harrington. President Taylor of the State Normal was also present and gave a talk. A piano duet was given by Miss Lucile Airy and Miss LaRue Kemp and a violin solo by Miss Edith Wilson.

Neighbors' Club Meets.

The Social Neighbors' club was royally entertained at the home of Mr. and Mrs. Harley Sowers, Thursday night. A short business session was held, after which ice cream and cake were served. A delightful social hour was then spent by all. Those present were Mr. and Mrs. Ira Ringgold and family, Mr. and Mrs. Lester Ringgold and son, Mr. and Mrs. Ellett Trueblood and family, Mr. and Mrs. Gaylord Reynolds and sons Mr. and Mrs. Pearl Perce and family, Mr. and Mrs. Tillie Hornbuckle and daughter, Mr. and Mrs. James Neal, Mr. and Mrs. Newton Legrand and daughter, Mr. and Mrs. Ed Zwilling and family, Misses Clara Neff, Nola and Iva Farrens, Mr. James Hornbuckle, and the host and hostess. The next meeting will be held in one month at the home of Mr. and Mrs. Tillie Hornbuckle. At that time a short program will be given, consisting of songs, recitations, dialogues and so on.

WEATHER SPOILED THE PICNICS.

Both Skidmore and Arkoe Are in Hard Luck This Week on Account of the Weather.

The weather of Friday and Saturday and the rain put a damper on the Skidmore punkin show and the Arkoe picnic. Only a fair attendance was present at the punkin show at Skidmore both Friday and Saturday, while at Arkoe there were only a few at the picnic on these days.

WRITE TO STREET

BOARD OF PUBLIC WORKS RENEWS CORRESPONDENCE.

ASK FOR A FINAL OFFER

Cannot Renew Negotiations After Bonds Are Issued to Build a New Plant, They Say.

The board of public works sent a letter Saturday to Charles F. Street, president of the City Water company, asking for a conference with him if the water company is willing to submit a more favorable proposition than now before the board that of $54,425.

The letter from the board goes on to say "that if a more favorable proposition is not submitted, the board will report to the mayor and council the failure and termination of the negotiations."

The board is going to wind up matters within the few weeks toward either buying the old plant or constructing a new one. If a favorable proposition is made by the water company, then the board will accept that, but if not, they have plans already made for the construction of a new plant.

The letter of the board follows:

"Mr. Chas. F. Street,

"Prest. City Water Co.,

"New York.

"Dear Sir:—Our attorneys, Wood & Oakley, of Chicago, before whom we have had the question of the validity of the bonds voted to buy and improve your water plant or build a new one, have just given us the advice of Mr. Wood, that the proceedings to date are good and sufficient and that we have a right to build a new plant if we so elect, but that before issuing the bonds it should be determined whether they are to be issued for money to buy and improve the old plant or to build a new one, so that the bonds can be made to read accordingly.

"This makes it necessary to at once bring to a conclusion the negotiations with you, either in the purchase of your plant or otherwise, and in a conference with the mayor and board of aldermen it was determined that we should write you, saying that if you desire to submit a more favorable proposition than now before us, i. e., $54,425, we shall be glad to give it consideration.

"If it is not your desire, or the desire of those in interest to authorize you, to submit a more favorable proposition, we shall report to the mayor and council the failure and termination of the negotiations.

"It would seem that after the bonds have been issued to build a new plant it would then be utterly impossible for us to purchase your plant, so that all negotiations between us must necessarily end at that time.

"We shall be pleased to have a prompt reply. It occurs to us it might be better for you to come here personally or send a duly authorized representative to the end of facilitating matters, as we are very anxious to proceed with all possible haste.

"Yours very truly,

"S. G. GILLAM,

"Secretary."

BUSINESS COLLEGE NEWS.

Mrs. Julia Welch and son, Martin, of Stanberry, were in Maryville yesterday, and arranged for Martin to enter school. He will make his home with Mrs. Mary Hill.

Charles Carter, son of Mr. and Mrs. French Carter of near Wilcox, entered school this week. The Carters have moved to town for the school year and are located on South Market street.

At the end of ten days the enrollment is 25 per cent better than last year, and new pupils are entering every day. It is expected to be double what it was last year.

Florence Anderson, class of '12, has accepted a position with the J. C. Denham Harness company of this city.

Felix Meeker of Bedison, Mo., is a new pupil in the school.

W. F. Carlson of Holt county, a former student, was a visitor this week. He will enter school in a week or two.

Albert Kirch, assistant cashier of the First National bank of Casper, Wyo., a graduate of the college, class of '08, was a visitor today. Mr. Kirch says the demand for stenographers and bookkeepers in the west is very strong, at salaries ranging from $85 to $100 per month. "Al" is a son of Mr. and Mrs. John Kirch of this city, and is another one of "our boys" who is coming to the front.

Miss Kathryne Psenner of Hopkins re-entered school this week, after a short vacation with her parents.

Miss Verna Kennedy and Miss Helen Logan, two of the most successful teachers in the county, are students in the M. B. C. this year.

Moved to Town.

Mr. and Mrs. Arthur Estes, who have been living on the C. T. Barrow farm, three miles west of Maryville, have moved into the E. B. Yeaman property, on South Water street. Mr. Estes will be employed as cook at the Siler & Smith restaurant.

Mr. Stonehocker Very Ill.

R. W. Stonehocker of Guilford is in a critical physical condition. Physicians have been in consultation several times in the past few days in regard to his case.

Has a New Jackson Car.

G. A. Fite of East First street has recently purchased a five-passenger Jackson car of Barmann & Wolfert.

W. M. Littler, who is working on the new postoffice, was arrested Friday evening for being drunk and fined $2 and costs by Mayor Robey.

Mrs. R. P. Yeaman and son, Roy Yeaman, drove to St. Joseph Thursday evening for a short visit.

HOPKINS.

Prof. Dee Jackson and sister, Miss Frances Miles, arrived Thursday noon from Big Heart, Okla., to attend the funeral of their mother, Mrs. W. S. Miles, which was held Friday afternoon at the Presbyterian church.

Oliver Lewis and E. A. Hedinger returned from Kansas City Monday, where Mr. Lewis purchased an automobile. Mr. Sam Robbins purchased a machine like the one Mr. Lewis bought. The cars are made in Detroit.

Howard Wray of Pickering spent Sunday with his mother, Mrs. Mary Wray.

Miss Jennie McCormick went to Maryville Tuesday evening to enter the Normal.

Mrs. Henry Ross, who has been quite sick, is reported better.

Mr. Fred Wolfers left last week for a visit with friends in Arkansas.

Mrs. Allen of Chicago is here to attend the funeral of her sistr, Mrs. W. S. Miles.

Ed Bonar purchased a Mason auto from Gene Dowis of Sheridan this week. This machine is the same make as Mr. Dowis used here in his demonstration during the picnic.

Miss Elizabeth Sobbings left Tuesday evening for Maryville, where she will become a Normal student.

Floyd Rickard, who intended to attend school in Creston, Ia., has returned to Hopkins and will resume his studies here.

Glen Jeffers took a car load of people to the Clarinda fair Tuesday.

Miss Ethel Ulmer returned Wednesday noon from a month's visit at Coin and Tabor, Ia.

Dee Houston left Thursday evening for a visit with relatives at Burlington Junction.

The ball game last Sunday between Elmo and Hopkins resulted in favor of Hopkins.

Edwin Robb and Galen Gordon left Thursday night for the state university.

Arthur Binert of Tacoma, Wash., is making a short visit with his father, A. F. Binert.

Charles Jackson of Sioux Falls, S. D., is visiting his sister, Mrs. Art Yager of the New Linville hotel.

Col. Glen Bradley cried the sale of the James Greenlee estate Thursday and reported everything as selling well.

Mr. and Mrs. John Schley have returned from St. Joseph and will live with Mrs. Schley's parents, Mr. and Mrs. John Tatman.

The Fischman store is closed for three days this week on account of the Jewish holiday.

Charles Pennington, who has been on the sick list, is slightly improved.

Mrs. A. Douglas and son John went to Bedford Wednesday night to remain the rest of the week.

An ice cream social will be given at the Presbyterian church Saturday afternoon and evening by the King's Daughters. Everyone is invited.

Dan King and wife will leave for the west Friday, after having spent the summer here with relatives.

Mrs. Harry Miller left Thursday evening for St. Joseph, after a six weeks' visit with her parents, Mr. and Mrs. Don Ingram, west of town.

The missionary society of the M. E. church will hold a chicken pie supper at the home of William Shinabargar this evening.

H. H. McMaster, from north of town, left this week with his brother Charles for Twin Falls, Idaho, with a view of locating.

Mrs. O. Wheeler is visiting relatives in and near Leon, Ia.

F. A. Chaney visited in St. Joseph Sunday with his son Glen.

Mrs. F. B. Sheley is in Bedford this week.

Rev. Arthur Dillinger of Des Moines was in Hopkins this week, visiting William Nash, who is still very sick.

Mildred Clare Wolfers leaves the first of the week for Jacksonville, Ill., to begin her second year's work at the Young Women's college at that place.

The ball game next Sunday is the last of the season's games, and will be between Bedford and Hopkins. This game will be of more than ordinary importance, as it will settle the question for the year as to which is "it," Bedford or Hopkins.

Mrs. Arthur McMaster entertained a number of her friends in a very pleasant manner last Saturday afternoon complimentary to Mrs. A. H. Wehrman of St. Joseph. After the afternoon was spent in playing 500 a delightful three-course luncheon was served by the hostess. The guests included Mrs. Wehrman, Mrs. E. C. Wolfers, Sr. Mrs. C. E. Donlin, Mrs. Fred Wooldridge, Mrs. H. C. Clutter, Mrs. J. W. Lindsay, Misses Kate and Mae Browne and Miss Lou Hughes.

QUEEN'S FLOAT IS READY.

Mrs. M. A. Turner and Mrs. D. N. Scott Finish the Work Friday Evening—It is a Beauty.

The float for the queen and her attendants for the children's carnival next Saturday afternoon, which will be the grand closing of the Maryville street fair, was finished Friday afternoon, and it is certainly a beauty. The float represents a forest scene and is covered with oak leaves and red haws. A whole drove of bewitching little fairies will follow the float, then will come all the rest of Maryville's beautiful children.

A NICE DECORATED WINDOW.

Orear-Henry Drug Store the First One, and Many Others Are to Follow.

Many merchants are decorating their windows fo rthe street fair next week, but one that has some merit in it is the window in the Orear-Henry Drug company. In addition to the street fair colors in the window there is also a large card, containing the Wabash and Burlington tracks, the Saints Highway, and many of the pictures of the Normal and other public and church buildings. "All roads lead to Maryville" is the slogan. In the center of the card is the following:

"Maryville looks good to me—it will to you.—Ed. G. Orear."

DR. RYAN LOCATED HERE.

Miss Babe Holt, who has been the guest of Mrs. J. E. Bailey for several weeks, left for her home in Chillicothe Saturday.

Mr. and Mrs. Ray S. Wilfley of Chicago arrived in the city Friday for a several days' visit with home folks.

CASCARETS CLEANSE LIVER AND BOWELS

The Millions of Cascaret Users Never Have Headache, Constipation, Biliousness of Sick Stomach.

It is more necessary that you keep your bowels, liver and stomach clean, pure and fresh than it is to keep the sewers and drainage of a large city free from obstruction.

Are you keeping clean inside with Cascarets—or merely forcing a passageway every few days with salts cathartic pills or castor oil? This is important.

Cascarets immediately cleanse and regulate the stomach, remove the sour, undigested and fermenting food and foul gases; take the excess bile from the liver and carry out of the system the constipated waste matter and poison in the intestines and bowels.

No odds how badly and upset you feel, a Cascaret tonight will straighten you out by morning. They work while you sleep. A 10-cent box from your druggist will keep your head clear, stomach sweet and your liver and bowels regular for months. Don't forget the children—their little insides need a good, gentle cleansing, too.

IS NEAR DEATH.

G. M. Mercer, Who Was Injured, Not Expected to Live—Chapman is in Jail.

G. M. Mercer, 55 years old, is growing worse and is not expected to live, at his home, southeast of Parnell. Two physicians were with him all night, and he is growing weaker.

Mercer was injured Wednesday by a blow dealt him by John C. Chapman, who felled the old man with a scoop. The trouble occurred while they were at work threshing on the Willhoyt farm, near Parnell. No cause is given for Chapman's act.

Chapman was arrested Friday and is now in jail at Grant City, as the fight took place in Worth county.

Attended Meetings at the Junction.

Rev. H. J. Dueker, pastor of the M. E. church at Pickering, was in Maryville Saturday morning on his way home from Burlington Junction, where he had been attending the revival meetings for two days. He reports eighty conversions. The meetings will continue all next week.

ALFALFA SEED UNPROFITABLE

Product Reaches Lowest Price in Many Years at Cottonwood Falls, Kan.

Cottonwood Falls, Kan., Sept. 13.—Alfalfa seed has reached the lowest price here this season at which it has sold in many years, according to local dealers who are now able to buy seed at $6.50 a bushel. The price probably will go still lower.

The decline in the market does not seem to be due to a big crop, at least not locally, as the yield in this part of Kansas is hardly half of that produced last fall, but rather to a falling off in the demand for seed.

An Estate Farm for Sale

Consisting of 350 acres, located eight miles southwest of Maryville. All smooth prairie land, subject to cultivation, with the exception of 20 acres of timber land, all under same fence. The Men Who Succeed

As heads of large enterprises are men of great energy. Success, today, demands health. To ail is to fail. It's utter folly for a man to endure a weak, run-down, half alive condition when Electric Bitters will put him right on his feet in short order. "Four bottles did me more real good than any other medicine I ever took," writes Chas. B. Allen, Sylvania, Ga. "After years of suffering with rheumatism, liver trouble, stomach disorders, and deranged kidneys, I am again, thanks to Electric Bitters, sound and well." Try them. Only 50 cents at the Orear-Henry Drug Co.

STREET RAILWAY STRIKERS RIOT

Troops Called for to Preserve Order at Duluth.

POLICE FORCE WAS POWERLESS

Hoodlums in Possession of Streets—Conductors Dragged From Cars and Seriously Injured—Much Property Destroyed.

Duluth, Minn., Sept., 14.—Business organizations appealed to Gov. Eberhart for troops to help quiet the riotous outbreaks that compelled the street car company to suspend service after six car men had been injured by strikers and their friends. Five arrest were made, but the police could do little with the crowd that surged around each car sent into the down-town streets. Stone throwers were lost in the mass, and there were not enough officers to drive back the attackers.

After the car tracks were piled with boards, fences and stones, the street car company gave up at 3:45 o'clock in the afternoon and called in its cars. They came in without any glass.

Shots Were Fired.

Three local companies of the third regiment are encamped at the armory awaiting orders from Gov. Eberhart.

Hoodlums took possession of the streets and with the strike of street car employes as an excuse, rioted for hours in all parts of the city. Non-union car conductors and motormen were beaten, the cars and other property of the company were wrecked and in one instance shots were fired in defiance of police who tried to disperse a particularly vicious crowd near the barns.

At least two of the strikebreakers who were brought in from st. Paul, Minneapolis and Milwaukee were seriously injured by mobs and nearly a dozen others were stoned and driven from their posts. The authorities declared the riot leaders were iron workers employed in boiler shops and foundries.

All Windows Broken.

The police force found itself outnumbered in almost every instance. As fast as one disorder was quieted another would break out blocks away and several times the officers were confronted with the task of appearing in three places at once.

On Lake avenue, in the heart of the city, a conductor was dragged from a car during the afternoon and so badly beaten that he had to be helped from the street to a drug store after being thrown through a plate glass window His motorman attempted to help him and received a beating. An unconscious conductor, taken to a drug store near Forty-second avenue, west, is believed to be badly injured. He was beaten and stoned and his car practically demolished. There is not a whole window left within a block of the car barns.

HEARS ST. JOSEPH RIVER CASE

Government Engineers Inspect Proposition to Save Lake at Expense of $150,000.

St. Joseph, Sept. 14.—Three government engineers, Col. F. D. Abbott, Col. C. McD. Townsend and Maj. Charles Keller, spent the day here inspecting the Missouri river at this point, where an appropriation of $150,000 has been asked to save Lake Contrary, the scene of St. Joseph's summer resort, from destruction by the cutting in of the river.

The government already has made an appropriation of $75,000, contingent upon the expenditure by the city or the interests affected of a similar amount. The city desires the government to appropriate the whole amount.

Women Warn Gamblers.

Larned, Kan., Sept. 14.—A number of Larned women organized a Women's Anti-Gambling association. The members are wives of men who have been buncoed by gamblers here. In a set of resolutions just made public, the women warn gamblers to leave their husbands alone, under penalty of violence by the use of horsewhips, clubs, etc. They threaten to take the law into their own hands and raid the next poker game held here.

Eighteen Nations to Fair.

Washington, Sept. 14.—The state department announced that 18 nations had accepted the invitation to participate in the Panama Pacific exposition in San Francisco in 1915. They are Bolivia, Canada, Costa Rica, Cuba, Dominican Republic, Ecuador, France, Great Britain (provisionally), Guatemala, Haiti, Honduras, Japan, Mexico, Nicaragua, Panama, Peru, Salvador and Uruguay.

From the Ring to the Stump.

North Abington, Mass., Sept. 14.—If his wife will let him, John L. Sullivan will deliver a few speeches for Col. Roosevelt. "I can see only the Bull Moose party," Sullivan said. "My wife has made me keep out of politics so far, but in view of the colonel's stand on woman suffrage I believe she will back away and let me do a little informal stumping this fall."

GEN. NOGI AND WIFE SUICIDED

GRIEF OVER DEATH OF EMPEROR THE CAUSE

Were in Procession Following Body of Dead Ruler—Self Destruction an Old Japanese Custom.

Tokio, Sept. 14.—General Count Marosuko Nogi, supreme military councillor, and his wife, the Countess Nogi, committed suicide following the religious ceremonies in connection with the death of the late Emperor Mutsuhito.

The aged general and his wife were in the procession following the emperor's body, the general holding one of the places of honor among the mourners.

The suicide of General Nogi, who won fame in the war with China and even greater fame in the war with Russia, is believed to be an expression of the general's grief over the death of the emperor.

This is the customary method in Japan to express grief over the death of a national ruler.

General Nogi was in command of the Japanese forces in the capture of Port Arthur and at the battle of Mukden, the decisive engagement of the campaign. In that campaign he lost his two sons in battle. He was captain in the Civil war in 1877. He was commander of a brigade at Kin Chow and Port Arthur in the Chino-Japanese war. For his services he was created a baron and was appointed governor of Formosa.

He spent some time in private life, but at the outbreak of the Russo-Japanese war in 1904 he was promoted to general.

KANSAS TROOPS RUSH TO TEXAS

Four Trains Used to Gain Time—Officers and Men Prepared for Indefinite Stay.

Junction City, Kan., Sept. 14.—Small trains and high speed were the order when the thirteenth cavalry left Fort Riley for El Paso, Tex. Four trains are being used in transporting the troops to the border and the railroads will hurry the troops to their destination.

Each train is equipped with a kitchen car to prepare the meals. The troop cooks travel with the men, and plenty of supplies are being carried.

That officers and men believe the stay in the field will be a long one is shown by the fact that many of the officers' families have packed their household goods and will visit with relatives until the regiment is settled. Many of the married non-commissioned officers and enlisted men are following the same plan. The officers generally believe that the regiment will see active service and are preparing for an indefinite stay in the field.

The following organizations made the trip: Thirtenth cavalry, including three squadrons, headquarters, machine gun platoon and regimental band; pack train No. 10, wagon train and hospital corps detachment.

WHY SECRET SHOE TRUST TRIAL?

Attorney General Disgusted With Action of Judge Putnam—To Go Deeper.

Boston, Sept. 14.—"Nothing short of star chamber proceedings" and an "unheard of action" was the way Attorney General Wickersham expressed himself to District Attorney French regarding Judge Putnam's agreement to the United Shoe Machinery company's request that the government suit against the trust be held behind locked doors.

It became known that the attorney general and Mr. French held an hour's conference at the Copley Plaza, after which Wickersham went to Beverly and conferred on the same matter with President Taft.

He said before he left Beverly for home that he intended to go deply into the shoe case when he returns to Washington.

MOTOR WRECK INJURES PRIESTS

Car Crashed Into Iron Post at Gary, Indiana—Three Clergymen Seriously Hurt.

Gary, Ind., Sept. 14.—Three Catholic priests and a layman were injured severely when a motor car in which they were riding crashed into an iron post. Two of the priests, the Rev. Edward Kowleski and the Rev. P. A. Kahelleck, were cut and bruised to such an extent that their removal to a hospital was necessary. The Rev. Father Czajkowski and John A. Fabish were less severely injured. All of the four were thrown violently from the machine to the pavement.

Rain Dispelled Heat.

Joplin, Mo., Sept. 14.—A heated term that has been maintained in Southwest Missouri and Southeastern Kansas for many weeks was broken here by rain, the first of material effect in seven weeks. The daily temperature maximum for some time has been around 100 degrees, but the rain lowered it to 60 degrees.

Motor Racer Into Crowd.

Mason City, Ia., Sept. 14.—Racing his car around the track at the North Iowa Fair in the motor races here the machine driven by Marion Arnold broke a rear axle and plunged through a fence into a crowd of spectators. Arnold escaped alive, but was severely injured. Fred Eastley, a speciator of Sheffield, was injured fatally.

MOUNTAINEERS KILLED PASTOR

West Virginia Preacher Stoned to Death From Ambush.

RUFFIANS RESENTED SERMONS

Minister Had Laid Special Stress on "Dishonesty"—Had Been Attacked Before Without Serious Consequence.

Charleston, W. Va., Sept. 14—Stoned as were stephea and Paul because of their efforts to carry the gospel to those who would not receive it, the Rev. S. H. Green, pastor of the Blue Sulphur Springs Circuit Methodist Episcopal church, South, died a martyr to his calling.

A series of sermons on "Dishonesty," in which he prayed for the evildoers, were not well received by the uncouth mountain folk. The truth hurt. At first there were angry protests against the text. Then there were threats. The minister held to his duty.

Stones Followed Threats.

He held a circuit meeting at Fry's schoolhouse in the mountains. He laid especial stress upon his subject. There were mutterings at the meeting and faithful parishioners sought to warn the pastor. He struck out for home alone in the dusk.

When he reached a lonely pass near Muddy creek mountain the shower of stones began. There was no shelter, so the pastor took his persecution calmly. After he had been felled the mountaineers used clubs and left him for dead.

The attack was not the first. During the campaign against dishonesty he had been struck by missiles frequently, but without severe consequences. Each attack was from ambush, the heavy shrubbery along the mountain roads shielding the assailants.

The last assault was the direct cause of his death at his home at Ausbury, Greenbrier county. A heavy stone crushed his skull and since the attack his death has been only a matter of hours.

Assailants Escaped.

The identity of the assailants is in doubt. A parishioner overheard the threats of a rough crowd in front of the schoolhouse and may be able to identify its members if apprehended.

"That sermon is aimed at us," members of the crowd said. "He's having his turn now, we'll have ours later."

Bloodhounds put on the trail were unable to take up the scent. Authorities of Monroe county are at work on the case but have found to clew.

ALASKA COAL CLAIMS SETTLED

Thirty-Three Cunningham Entries Declared Fraudulent and Ordered Canceled.

Washington, Sept. 14.—All 33 so-called Cunningham Alaska coal land claims involving alleged fraudulent blanket patents, which contributed to the Ballinger-Pinchot controversy have been adversely decided and Secretary Fisher has directed the immediate execution of the decision of Commissioner Dennett of the general land office, who held the claims were fraudulent and that the entries should be canceled. Secretary Fisher took this final action on his second review of the case.

No more of the real Cunningham claims are pending, through the interior department is regularly passing upon other Alaskan claims somewhat similar to those of the Cunningham group. Of a thousand or more such, 300 already have been disallowed.

MISSOURI NOT TO QUARANTINE

State Veterinarian Wires From Dodge City That Action is Unnecessary.

Dodge City, Kan., Sept. 14.—Missouri will not establish a quarantine aginst the shipment into the state of horses from other states where the horse plague is prevalent. Dr. S. Sheldon, the state veterinarian who came here at the suggestion of C. Wilson, state secretary of agriculture sent the following telegram to Wilson:

"Quarantine not necessary and would not be effective. I expect to send you important information soon. Advise Gov. Hadley."

Dr. Sheldon was sent to Kansas to investigate the plague and decide if a quarantine would be necessary. Gov. Hadley announced that he would abide by the decision of Dr. Sheldon.

Joplin Strike Continues.

Pittsburg, Kan., Sept. 14.—Through the efforts of city officials, a conference was arranged between the striking carmen of the Joplin & Pittsburg railway during the afternoon, but at 8 o'clock p. m. after several sessions, the conference took an indefinite adjournment while the carmen's committee presented the situation to the men.

Pay More Szechenyi Debts.

Budapest, Sept. 14.—The Vanderbilt millions are once again being employed to pay the Szechenyi debts, this time for no less a defaulter than the Bishop of Grosswardein, a Count Szechenyi. He owes, it is said, more than $100,000.

The Results Made This Newburg Lady Glad She Followed Suggestion.

Newburg, Ala.—"For more than a year," writes Myrtle Cothrum, of this place, "I suffered with terrible pains in my back and head. I had a sallow complexion, and my face was covered with pimples. Our family doctor only gave me temporary relief.

A friend of mine advised me to try Cardui, so I began taking it, at once, and with the best results, for I was cured after taking two bottles. My mother and my aunt have also used Cardui and were greatly benefited.

I shall always praise Cardui to sick and suffering women."

Cardui is a purely vegetable, perfectly harmless, tonic remedy for women, and will benefit young and old.

Its ingredients are mild herbs, having a gentle, tonic effect, on the womanly constitution.

Cardui has helped a million women back to health and strength.

Have you tried it? If not, please do. It may be just what you need.

REBELS FAIL TO TAKE EL TIGRE

After All Day Battle, Great Mines Are Still Operating.

SALAZAR DEMANDED SURRENDER

Ultimatum Regarded as Bluff and Attack Renewed, With Disastrous Results to Revolutionists—No Americans Killed.

Douglas, Ariz., Sept. 14.—The attack of Inez Salazar's rebels on El Tigre ended in a repulse for the rebels by the small band of federals garrisoning the camp. According to word just received here the attack began at 6 o'clock in the morning. At 7:30 o'clock Salazar sent a messenger under a flag of truce to the commander of the federals, demanding the surrender of the town to avoid further bloodshed.

As no one in the camp had been wounded, it was believed that Salazar's request came as the result of loss among his own men.

When the demand for the town's surrender was refused, Salazar renewed the attack and firing continued until 5 o'clock at night. At that hour Salazar withdrew his force, but at nightfall they began firing upon the town at long range, the federals replying to the fire.

Rebel Loss Heavy.

During the day's fighting two federals were wounded. No Americans were hurt. The rebels loss is unknown. One rebel was killed on the streets in an attempt by a party of rebels to rush a section of the camp.

It is thought their loss in the hills was heavy.

The plant of the El Tigre Mining company was still operating late at night. Reinforcements for the federal garrison are expected to reach there at midnight. General Sanjines is expected to send a force from Agua Prieta south at daybreak. A detachment of Rojas' band is reported to be 20 miles north of Colonia Morelos. The remainder is still at Ceniza, 12 miles from Douglas.

Fate of Mormons Unknown.

A party of Mormons left here to rescue five men and two boys who are still at the colony. Because of the belief here that Edward Haymore, a prominent Mormon merchant, was murdered by the rebels it is feared that the Mormons remaining at the colony will meet a similar fate if their rescuers are too late. Haymore's clothing was found near the place where his wagon was discovered.

E. S. O'Reilly and two American companions who crossed the line into Mexico are reported to have recrossed at the camp of the American border patrol, 20 miles east of Douglas. They had but one horse and reported that their two other horses had been shot in a brush with Rojas.

The entire ninth cavalry commanded by Col. Guilfoyle, with the exception of one squadron and a troop, is encamped here. The negro troops will be used to patrol the border from Douglas east to the New Mexican line while the fourth cavalry will partol the border west of Douglas.

WARSHIPS GO TO SANTO DOMINGO

Revolution in Island Threatens Safety of Custom House, Controlled by America.

Washington, Sept. 14.—The United States is about to intervene in Santo Domingo. Warships will be sent at once to the island. A revolution has broken out which threatens American and other foreign interests. The customs house of the island, controlled by the United States by treaty, must be protected against seizure by the revolutionists. Further than that advices conveyed news of so serious nature that the state department began preparations for immediate activity.

For One Car of Seed $6,500.

Cottonwood Falls, Kan., Sept. 14.—The most valuable carload of grain shipped from this place this season was a car of alfalfa seed containing 930 bushels, worth $7 a bushel, which was sent to an Iowa seed house. The value of the car of seed was something over $6,500, or enough to pay for a respectable Kansas farm.

Fire Cripples Car Lines.

Milwaukee, Sept. 14.—Fire from a cause not known damaged an immense switchboard at the power plant of the Milwaukee Electric Railway company to the extent of $100,000. Interurban service is badly hampered from lack of power. The loss is covered by insurance.

Plague Delays Court.

Norton, Kan., Sept. 14.—The fall term of court in Norton county, which opens Monday next, will be postponed owing to the horse plague. The regular jury which was summoned has been excused for a week, and if the plague continues may not be called this fall.

A Miner Entombed.

Pittsburg, Kan., Sept. 14.—Louis Martelo of Scammon, a miner, was liberated from Central Mine No. 42 after an entombment of over eight hours. A fall of rock imprisoned him. Fortunately a car driver saw the slide which shut the miner off from the world and gave the alarm.

RECEIVERS FOR MOTOR TRUST

ORGANIZATION CAPITALIZED AT 42½ MILLION DOLLARS.

Insolvency Suit Brought by Creditors, Said to be "Friendly"—Ten Concerns Involved.

New York, Sept. 13.—Receivers were appointed for the United States Motor company, a $42,500,000 holding corporation organized in 1908 to control ten motor car and gas engine manufacturing companies. Its directors number some of the most widely known capitalists in the country.

The receivers, W. E. Strong and Robert Walker, were appointed by Judge Hough in an insolvency suit brought by creditors. Nine of the holding firm's constituent companies were involved namely:

The Alden Simpson Manufacturing company of Detroit; the Brush Runabout company of Detroit; the Columbia Motor company of Hartford, Conn.; the Dayton Motor Car company of Dayton, O.; the Maxwell-Briscoe company of Tarrytown, N. Y.; the Courier Car company, Dayton, O.; Gray Motor company, Detroit; Briscoe Manufacturing company, Detroit, and the Providence Engineering Works, Providence, R. I.

Bankers identified with the company say the proceedings are friendly and brought with the purpose of clearing up the company's affairs. Plans for reorganization are said to be under way.

The securities of the United States Motor company have been declining on the curb market for some time and it was generally reported that the company was in difficulties.

The petition for a receiver states that the assets of the company consist of cash, bills and accounts receivable and shares of stock of the subsidiary and "selling" companies and shares of stock of other corporations controlled by the company and the assets of the subsidiary companies. The aggregate liabilities of the defendant companies, the petition states, are approximately $12,250,000.

NO TOOTHPICKS ON DINING CAR

Illinois Central Railroad Says They're Vulgar—Incidentally Saves $1,400 a Year.

Omaha, Sept. 13.—The Illinois Central railroad has declared the toothpick vulgar and no longer will the perfumed splints be served with dessert and the customary itemized statement of the meal. The order has gone out to all dining car conductors that hereafter the patrons of that road will either have to whittle matches or do without toothpicks at all.

In explanation of the move the Illinois Central officials here said that so many of its patrons had complained of the use of the toothpick, calling it vulgar, that it was decided to dispense with it. The toothpick item on the railroad's expense account amounts to $1,400 a year.

CHANGED NAME OF NEW LINER

Protest Causes White Star Company to Abandon "Gigantic" for "Brittanic."

London, Sept. 13.—The new 50,000-ton steamship being built for the White Star Steamship company at Belfast will be named Brittanic. It was at first announced that this ship would be called the Gigantic, but in reply to a letter of protest against this name after the Titanic disaster J. Bruce Ismay stated that the name certainly would not be Gigantic.

Like the Olympic, the Brittanic will have a complete inner skin and an increased number of watertight bulkheads. It is said that it will be able to float with six compartments flooded. Many changes have been made in the new boat since the sinking of the Titanic.

DETROIT ALDERMEN MAY ESCAPE

Prosecutor Drops Graft Charges Against Two—Fifteen to Answer for Conspiracy.

Detroit, Sept. 13.—That none of the aldermen accused of grafting will be prosecuted was indicated by the action of Prosecutor Shepherd, when he recommended that the charges of having promised to accept a bribe against Aldermen Patrick O'Brien and William Koenig be dismissed. The two councilmen, however, still have a conspiracy charge pending against them. They, with 15 other aldermen and Schreiter, clerk, will appear before Justice Jeffries to answer to the conspiracy charge. Shepherd admitted that the evidence against Aldermen O'Brien and Koenig was very flimsy.

EMPEROR'S BODY LAID TO REST

Impressive Ceremonies Attend Burial of Japan's Dead Ruler.

FUNERAL CAR DRAWN BY OXEN

United States Had Leading Part in Event Shared by all Great Powers of the World—100,000 at Cemetery.

Tokio, Sept. 13.—Ancient traditions and religious rites mingled with modern diplomatic pageantry here when the ceremonies attending the burial of the late Emperor Mutsuhito, who died on July 30, were inaugurated. The United States had a leading part in the modern show, in which shared representatives of all powers of the world, but in the ancient rites Japan was alone.

The event is more than an expression of a great national grief. It is important in that it shows the high ranking place of Japan among nations of the earth. Secretary of State Knox, Brig-Gen. J. J. Pershing, Rear Admiral A. R. Reynold, Ambassador O'Brien and Ransford Miller, chief of the division of far eastern affairs, represent the United States.

Ceremonies of Today.

The day's program was as follows: Prayers by priests and laymen in the temples; foreign representatives pay the tribute of their various governments to the memory of the dead ruler; funeral cortege to Aoyama cemetery, where public services were held and food given to the multitude; eulogies pronounced by Emperor Yoshihito and the empress dowager; departure of the funeral train bearing Mutsuhito's body to the imperial cemetery near Kioto.

At the appointed hour of six in the morning the first ceremonies of the funeral began. The representatives of the foreign governments, including Mr. Knox and his aides, assembled in the principal audience chamber of the imperial palace. There they were met by the elder statesmen, the members of the house of peers and all the high officials of the Japanese government.

Funeral Car Drawn by Oxen.

Following a Japanese custom inaugurated more than a thousand years ago, the imperial coffin was placed on the funeral car by one hundred men of Hase village, Kioto. Seven gigantic oxen were attached to the enormous funeral car which had been especially built for this occasion. As the procession moved off, the wheels of the cart, which had been constructed to creak mournfully, gave off a lugubrious sound. Slowly and ponderously this great, rough, five-ton hearse moved forward behind the soldiers and through a lane the sides of which were banked with troops from the regular army.

The procession was headed by the Imperial Body Guards. They were followed by vehicles bearing thousands upon thousands of various kinds of flowers.

Next came the mounted police, and then what looked like a moving forest. This part of the procession was made up of men carrying trees with the roots intact, to be planted in the cemetery. The dark green boughs of these sacred trees were relieved by streamers of variously-colored silk ribbon. Each bore a pious inscription.

Princes March on Foot.

Imperial princes, disdaining wealth and station upon such an occasion when grief is supposed to set the low and the high upon a common ground, marched along on foot behind the musicians.

Following the princes came the creaking ox wain—the hearse of the emperor. Around the cart marched Shinto priests, dressed in the robes of office.

Close by followed high officers of state, and behind them were led the favorite horses of the defunct emperor.

After the horses came the princesses and ladies of the court in closed carriages. They were dressed in yellow and partly veiled in black, although women of lesser rank were attired in red. The diplomatic corps and the representatives of foreign governments had a place in line directly behind the officers of the Japanese court. Three regiments of soldiers from the Tokio barracks, accompanied by nearly 10,000 marines and blue jackets, completed the line. The procession was over seven miles long and dusk was growing into night before the parade ground outside the cemetery at Aoyama was reached.

Ancient Rites at Cemetery.

At least 100,000 persons were gathered at the great cemetery when the concourse arrived.

Presently the chief priest advanced to the coffin and, standing before the altar, bowed his head in prayer. Meantime offerings of fish, fruit, vegetables, rice, wine and other articles were being brought forward upon white platters. As the priest received each he called upon the spirit of the departed to accept it. After a second prayer the new emperor came forward and read a long eulogy from a scroll. Then the great concourse began slowly to disperse while the coffin containing the body was carried to a special train which was to convey it to Kioto.

KANSAS FARMERS PANIC STRICKEN

Reports That Horse Plague is Decreasing Are Denied.

HUNDREDS OF NEW CASES DAILY

Government Men Sent to Dodge City Find Conditions Alarming—Deerfield Offers $1,000 for Cure.

Dodge City, Kan., Sept. 13.—Reports sent out from Topeka that the horse plague is on the decrease in southwestern Kansas are incorrect. The disease is on the increase, and is spreading to districts heretofore not infected.

As soon as the ten government veterinarians and pathologists came down to the lobby of the Harvey House they found F. M. Davis, a ranch man of Meade, awaiting them. He had been sent by the horse owners of Meade county as soon as they learned that the government men were here. He reported that since the first case was noticed in Meade county two weeks ago, 600 horses have been stricken and 500 of them have died. Many new cases are developing every day and the farmers of the county are in a state of excitement bordering upon panic.

Veterinarians Kept Busy.

Dr. Busman sent Dr. J. M. Simpson of Pueblo and Dr. A. O. Lundall of Oklahoma City with Davis in his machine to investigate the conditions there.

Dr. Busman received a telephone call from the town of Fowler, in Meade county, that the disease was increasing in violence there and sent two doctors to that town. A little later he received a call from the officials of Cimarron, west of here and he sent two doctors there.

F. G. Dondaville, deputy live stock sanitary commissioner of Kansas, who is a veterinarian of long experience in Dodge City, returned from a trip of two days among the towns along the Santa Fe railroad west of here. He said:

"The plague is on the increase and is spreading. It has been 21 days since the disease first appeared in this section. Since then 1,000 horses have died within 25 miles of Dodge City, and I estimate that fully 1,000 more are down with the disease now in this same district.

Vaccination Being Tried.

"At the town of Lakin I vaccinated 250 horses, and I will return there in the morning to vaccinate 150 more. These are all well horses the farmers drive in for me to vaccinate. This indicates the panic among the farmers. I vaccinate with the influenza serum, and do not guarantee anything nor promise anything. I do not know myself whether it will do any good or not, but at any rate it can do no harm, and the farmers are anxious to grasp at any straw.

"At Deerfield I found many cases, and the citizens of that town have just offered a reward of $1,000 to any man who would produce a cure for the disease."

Four government men were left to continue the investigation around Dodge City.

Madero Needs Money.

The City of Mexico, Sept. 13.—That President Madero will ask the congress to appropriate $30,000,000 to put down the rebellion was reported here. The report lacks verification, but it is known the president is much worried by the insurrectionary activity.

La Follette on Tour.

Washington, Sept. 13.—Senator La Follette has left Washington for a Western tour, where it is expected he will enter actively the campaign for Progressive candidates on state tickets.
